

FISHING - Fishing Lake Norfolk is rewarding the year round, for there is no closed season.

Norfolk Lake is nationally famous for the "Lunker" black bass and mighty ocean stripers (one has been officially registered at 48 lbs.). You can enjoy the excitement of bringing in a full stringer of white bass, walleye, slab crappie or pan fish. Our blue channel catfish are fantastic when pan fried or broiled over the coals of a charcoal fire. Everything the fisherman will need is here at the resort . . . aluminum fishing boats, deluxe bass boats, Pontoon, expert fishing advice, lures, live bait, motors, gasoline, guides and groceries.
